DARTMOUTH COLLEGE

Mentors Needed for Dartmouth Partners in Community Service (DPCS) Interns... Boston & San Francisco

We are among many classes that support the DPCS program through the funds we collect from class dues that are designated for class projects. Through DPCS, students receive stipends so they may accept unpaid internships in areas such as education, medicine, and community service. As a sponsor, we seek to provide additional support to the program by serving as alumni mentors to the students during the 10 weeks they are away from campus. DPCS is currently looking for mentors for the summer term interns. We are looking for **medical professionals in Boston** and **people who have spent time working in not-for-profit careers in San Francisco**. Please contact Pamela Poncé Johnson poncejoh@yahoo.com as soon as possible to volunteer!
